PRODUCT RANGE

Our Product Line 2018

HORIZONTAL LINE

- Frictionlok
- Swivel Junction system
- Access rampas
- Handrail

CUSTOM PRODUCTS

- Shoppings
- Barra Chata
- Escadas

Patented
Technology

MODULAR

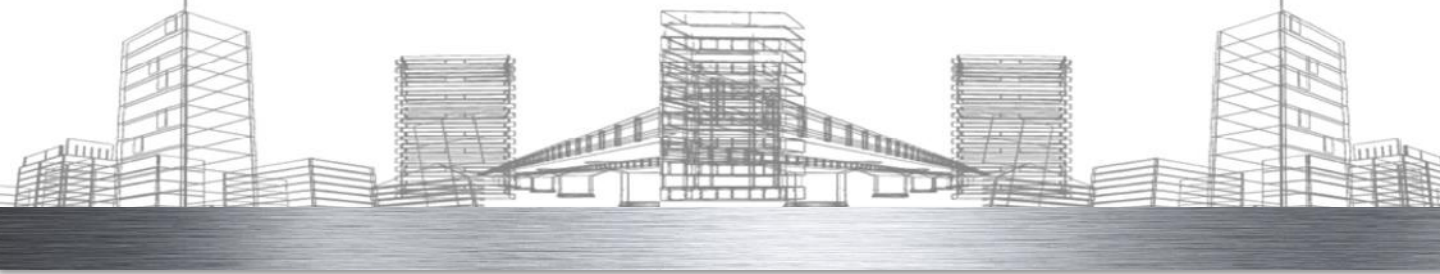

- Coverplates
- Knock ins
- Caps
- Elbows

VERTICAL LINE

- Round tube Vertical
- 360° Pivot systems

HORIZONTAL LINE

- Pressure Brackets
 - For 8mm
 - For 10-12mm
 - Wall mount
- Butterfly Brackets
- Spigot System
- Glass Standoffs
 - 50,8mm
 - 60mm
 - 76,20mm
- Aluminium Profile System

Stainless Steel & Glass Balustrades

GLASS LINE

Specification: Glass Stand off

1. Material- Stainless Steel 304/316
2. Diameter options – 50,8mm/60mm/76,2mm
3. Polished finish
4. Made for chemical bond mount
5. With or Without Handrail
6. Glass from 8mm up to 20mm Toughened

PRODUCT
TESTING

We test everything because your safety matters!

- We measure deflection on impact
- We test glass specification to end-user need
- Apply the swing bag impact test
- Design criteria to local standards
- Check user height criteria

WHY BUY THE
BEST?

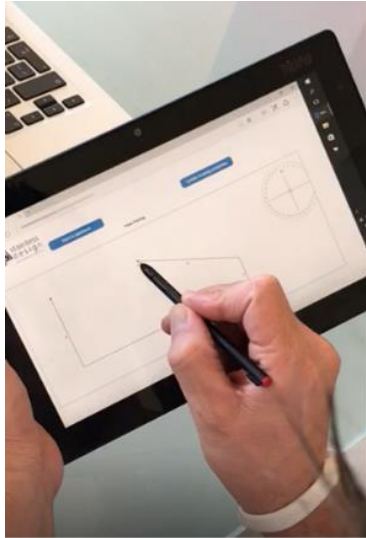

- **Rapid Installation – modular**
 - Up to 10metres per day per team
- **Extremely low maintenance**
 - Excellent life time usage
- **Best Cost : Quality ratio**
 - Quality graded products up to 20% less
- **Global design and project management**
 - The latest trends
- **Industrial production**
 - Automotive grade controls TS 16949
- **100% Recyclable products**
 - Low carbon impact to the environment
